FROM THE MITCHELL FAMILY

As the cold weather slowly leaves town, our family would like to say "thank you" for trusting us to keep you and your family warm this past winter. Your trust and loyalty is the driving force behind the success of our business.

We want to continue to be the company that you rely on for years to come, and your feedback is the most valuable tool that we have to help us maintain and improve our service to you. If there is anything that we can do to serve you better, please call, write,

or email us with your feedback.

As you make your summer home improvement plans, please let us know if you need our help. We can assist with gas line work, tune-up your equipment, and install any new appliances like a pool heater or an air conditioning system.

We are ready to serve you, so please call if there is anything we can do to help. Thanks again for your business and enjoy the warmer months ahead.

- The Mitchell Family

PROPANE PROJECTS

Looking to add a new propane pool heater, outdoor fire pit, or hot water heater this year? Mitchell can install any necessary gas lines, increase your current propane storage, and assist in future project planning. **Call our office today at (800) 237-3836 to schedule a free, no obligation site assessment for your next project!**

ABOVE GROUND OIL TANKS

Heating oil storage tanks are considered to be one of the safest ways to store energy in your home, but the lifespan of your tank will vary based on the environment that the tank is in. Visible rust, uneven legs, oil staining on or under the tank; these are all possible symptoms of what could be a larger issue with your tank. Sometimes the timing of a tank problem will allow one of our technicians or drivers to catch an issue with your tank before it fails. However, this won't always be the case. It is your responsibility to be aware of the condition of your tank and to keep us informed so we can help you stay ahead of any issues. If necessary, we can remove your existing tank and install a replacement. Also, as a Mitchell customer you have the option of protecting your oil tank and lines with our Proguard Above Ground Oil Tank Protection Plan. This plan offers coverage for some of the most common expenses that a homeowner may encounter when an oil tank issue arises. If you have any concerns with your tank or if you are interested in learning more about Proguard Protection, please contact us.

ProGuard

AIR CONDITIONING

Installing an air conditioning system is not only an investment in your home, but in your family's comfort as well. At Mitchell, we sell and install American Standard air conditioning units that operate up to an 18 SEER level, which could provide significant electricity savings when compared to your existing unit. Whether you are interested in replacing your current unit(s) or starting from scratch, we're here to assist in selecting the best system for your unique situation. Contact our office today to schedule a free, no obligation assessment at your home.

PRICE PROTECTION

As we put another winter behind us, it's never too early to start planning ahead for the next heating season. Whether you prefer our Prebuy, Fixed or Cap plan, all of our Price Protection Plans are designed to help you control your energy costs. When you are ready to start thinking about your heating oil and propane for the upcoming year, please log-in to your account at nemitchell.com to check current price plans or call our office to discuss the many options that we have.

SCHEDULE YOUR ANNUAL MAINTENANCE

Did you know that most manufacturers recommend annual maintenance on all of your major appliances? Whether it's your home's heating and cooling system, pool heater, gas or oil fired hot water heater, propane fireplace or other propane powered appliance, a well maintained system will run more efficiently and will likely last much longer.

SPOTLIGHT

This edition of Spotlight shines on Tim Rescigno who joined the Mitchell team in May of 2013 as a Sales Representative. He has recently been promoted to Sales Manager and works with the Sales Team to provide our customers the very best service and to make sure the team sells with integrity and a professional approach. When Tim isn't working, he enjoys running, playing basketball, reading, and spending time with his wife and 18 month old son.

CUSTOMER TESTIMONIALS

"I have been a customer of Mitchell Oil for 35 years. Every job they have done for me has been professionally completed by friendly and competent professionals. The technicians showed up promptly that morning, and worked straight through to get the job done. They were extremely friendly and went beyond what I expected. It was a great experience!"
-Redding, CT Customer

"Everything went super smoothly, the whole thing was completed in the morning, everything was back up and running by noontime! Anyone looking for a heating, A/C, fuel delivery, furnace cleaning company, look no further than Norbert E. Mitchell. We are extremely satisfied."
-Sandy Hook, CT Customer
