

## Diesel Fuel

Putting high quality Diesel Fuel in your trucks and heavy equipment is as important to your business as a good diet is to your health.

Quality Diesel Fuel will:

- Provide the Power to get the job done.
- Prevent unnecessary wear and tear on your equipment.
- Enhance engine startup in all weather conditions.
- Improve fuel economy
- Lower emissions

Having Mitchell as your supplier is just as important. With Mitchell you can count on:

- Reliable, flexible, on-time deliveries.
- Onsite fueling for equipment of all sizes.
- Quality product, custom-blended for seasonal conditions.
- A business partner that will support you year in and year out.
